

Gabriele VENERI

PROFILE

SDET & QA Automation with 15+ years of experience across Fintech, Enterprise Software, and Ad-Tech. My mission is to accelerate the SDLC by building resilient automated test infrastructures that shift quality to the left.

I specialize in Playwright (TypeScript) and Robot Framework (Python), integrated into high-frequency CI/CD pipelines.

PERSONAL INFO

Citizenship: **Italian**

Languages:

English (Professional)

Italian (Native)

CORE EXPERTISE

- **Automation:** Playwright, Selenium, Appium, Robot Framework
- **DevOps:** GitLab CI/CD, Jenkins, Docker, Bash
- **Languages:** TypeScript, Python, Java, C++
- **Testing:** Performance (JMeter), Mobile, TDD/BDD

EXPERIENCE

SOFTWARE DEVELOPMENT ENGINEER IN TEST

Facile.it (Italy)

2020.04–Pres.

- ◇ Automation Strategy: Spearheaded the transition to Playwright with Typescript, increasing execution speed and reducing flakiness.
- ◇ CI/CD Integration: Architected automated testing pipelines within Gitlab CI/CD for seamless E2E and Integration testing.

GOOGLE PREVIEW TRUSTED TESTER

Google (Remote)

2017.07–Pres.

- ◇ Early Access Validation: Perform alpha/beta testing for Google Maps features, identifying critical edge cases before public rollouts.

QA ENGINEER

BMC Software (Milan)

2017.10–2020.03

- ◇ Framework Development: Scaled automation suites using Robot Framework and Python for complex enterprise web solutions.
- ◇ Pipeline Management: Integrated suites into Jenkins on Windows, reducing manual regression time by over 60%.

QA ENGINEER

TheOutplay (Milan)

2015.10–2017.10

- ◇ Infrastructure: Leveraged Docker and VM to create isolated test environments for web and mobile applications.

SOFTWARE TEST ENGINEER

DS Group (Milan)

2015.01–2015.10

- ◇ Functional Testing: Executed tests for web/mobile platforms using Java and custom Bash scripts for task automation.

QUALITY ASSURANCE CONSULTANT

Prodigys Technology (Milan)

2011.08–2015.01

- ◇ Client Placements: Vodafone, Allianz, Axa. Managed large-scale content and platform migrations (Liferay, Documentum, Teamsite).

IT SPECIALIST

Lanzi Informatica (Sondrio)

2009.07–2011.07

- ◇ Development: Built warehouse management modules using C++.

SOFTWARE QA TESTER

Milestone s.r.l. (Milan)

2009.05–2009.07

- ◇ Game Testing: Functional and subjective testing for NewU Fitness First (Wii).

EDUCATION

MASTER IN DIGITAL ENTERTAINMENT MEDIA & DESIGN

IULM University.

2008–2009

HIGH SCHOOL DIPLOMA (SOFTWARE DEVELOPER)

Istituto Tecnico Balilla Pinchetti.

2001–2006

METHODOLOGIES

Agile/Scrum, Test-Driven Development (TDD), Behavior-Driven Development (BDD), Shift-Left Testing, Root Cause Analysis.
